

UNIVERSAL INDUSTRIAL LED LIGHT

14,000 LM - 45,000 LM

BE-CHB

The CHB High Bay is built to withstand heavy vibration. Reduce lighting maintenance and downtime by replacing 1000W metal halide high bay and crane lighting. Wide range voltage options available with a superior chipset and driver.

Custom heavy-duty adjustable and non-adjustable bracket options are available for mounting. Temperature rating up to +65°C.

KEY FEATURES:

- Available in LV, HV, SHV, AC & DC Input
- **Nichia** Chip Set - L70 Lifespan of >100,000 Hours
- **Light Weight** Durable High Bay
- **140lm/W/150lm/W** High Lumen Output
- **IP65** Water Spray Test Approved
- **+65°C** Temperature Rating
- Multiple **Mounting Options** Available for Various Applications
